I. Item No. 1 on the agenda, as under, was noted with applicate from the entire house:—

"This is for information of Senate that under Section 10 of the Panjab University Act, the Chancellor has extended the term of Shri Suraj Bhan, M.A. (London), as Vice-Chancellor of the Panjab University for a period of 3 years, with effect from July 1, 1968, on a monthly salary of Rs. 3,000 and rent free accommodation or house rent allowance at the rate of 10 per cent of his pay in lieu thereof."

Prof. Abdul Majid Khan said that he was echoing the teelings of all the members in offering a vote of thanks to the Chancellor, Shri V. V. Giri, who was a shrewd judge of persons and a leader of unerring instinct. In granting another term to the present Vice-Chancellor, Shri V. V. Giri had done the right thing and for this he wanted to thank the Head of the Union Government also, who, though not directly concerned with the grant of extension to the Vice-Chancellor, was the greatest champion of secularism in India. Shri Suraj Bhan was supremely dedicated to the cause of education. Prof. Abdul Majid Khan said that Shri Suraj Bhan was not only an emment educationist, but also a very good administrator and had remained free from communal bias all his life. In promoting the cause of education throughout his career, Shri Suraj Bhan had been playing the role of a torch-bearer. He had done a lot for the underprivileged people amongst the teachers, whose interest had always been very close to his heart. Prof. Abdul Majid Khan further said that he was looking forward eagerly to the time when Shri Suraj Bhan would be able to realise his dreams in the days to come. It will be clear from the annual reports of this University that the University was expanding at a rapid pace and if a comparison was made with the reports of the predecessor University at Lahore, a very big difference will be noticed. Prof. Abdul Majid Khan, speaking on behalf of the members, wished Shri Suraj Bhan a long life of dedication, continued health and fitness, so that he may be able to guide the University in the years to follow.

Dr Sher Singh Giani stood up and said that all the members joined Prof. Abdul Majid Khan in the felicitations that he had extended to the Vice-Chancellor.

The entire house endorsed with applause all what Prof. Abdul Majid Khan had said in felicitating Shri Suraj Bhan.

The Vice-Chancellor, replying to the kind sentiments expressed by Prof Abdul Majid Khan and the entire house, said that he was deeply beholden to the Senate. As he remarked three years ago on taking over the office of Vice-Chancellor, the Panjab University was not the handiwork of any single person and the success of the University depended on the joint endeavours of all the members of the Senate amongst whom there were teachers and distinguished laymen. Speaking of the health of the University, the Vice-Chancellor said that the various wings had worked together in harmony. The Panjab University was born in adversity, bore the impress of adversity—to use the expression of Toynbee. It is the courage, the fortitude and the wisdom of the Senate which carried the University through very difficult times, and it was a matter of pride that the University had not only been set on its feet, but held a place of honour amongst the centres of higher education in the country.

work of so many distinguished people connected with the University, some of whom he considered abler than himself. He was happy that this privilege had been extended and he would be able to carry on the work of co-ordination amongst the members of the various University bodies for another term of three years. As he had said at the last meeting of the Syndicate, the service of the University for him was not only in the nature of work, but also in the nature of worship, particularly because he was himself an alumnus of this University and had derived benefit from it. He owed a great deal to the Panjab University for his mental and spiritual makeup and said that he would, in his own humble way, try to repay this debt to the University. Throughout the last term, he had banked on the guidance and support of the Senate and he hoped and trusted that he would be able to bank on similar co-operation and support during the next term. He thanked the members once again for their kind sentiments.

II. Item No. 2 on the agenda was read out, viz.—

"Two Heads of permanently recognised High Schools be elected, by Single Transferable Vote System, as members of the School Board, for the term 1-4-1968 to 31-3-1970, under Regulation 1(iv), at page 62 of the Calendar, Volume I.

Note:—The following names have been duly proposed and seconded:

- Shri Ajaib Singh, B.A., B.T., Headmaster Balbir Govt, High School, Faridkot (Bhatında).
- Shri Baldev Raj Talwar, B.A.,B.T., Headmaster, Sain Dass A. S. High School, Basti Nau, Jullundur,
- 3. Shri Dalel Singh, B.Sc., B.T., Headmaster, C.R.Z. High School, Sonepat.
- Shri Ganga Prasad Sharma, M.A., B.T., Headmaster, A. S. High School, Rurka Kalan (Jullundur).
- Shri Parshotam Loomba, M.A., M.Ed., D.L.Sc., Headmaster, Govt. High School, Sanaur (Patiala)."

The Registrar announced that Shii Ajaib Singh and Shri Parshotam Loomba had already been elected to the School Board by the Faculties.

Principal B. S. Bahl stated that Shri Ganga Piasad Sharma had withdrawn his candidature.

Only two candidates having been left, the following were declared duly elected as members of the School Board for the term 1-4-68 to 31-3-70, under Regulation 1(iv) at page 62 of the Calendar, Volume I:—

- Shri Baldev Raj Talwar, B.A.,B.T., Headmaster, Sain Dass A.S High School, Basti Nau, Jullundur,
- Shri Dalel Singh, B.Sc., B.T. Headmaster, C.R.Z. High School, Sonepat,

It was decided that the letter of withdrawal referred to above be obtained and placed on record.

III. Item No. 3 on the agenda was read out, viz.-

"Two Heads of permanently recognised Higher Secondary Schools be elected, by Single Transferable Vote System, as members of the School Board for the term 1-4-1968 to 31-3-1970, under Regulation 1(v) at page 62 of the Calendar, Volume I.

NOTE: The following names have been duly proposed and seconded.

- Shri Bhagat Ram, M.A.B.T., Principal D.A.V.M.P. Higher Secondary School, Amritsar
- Shri Des Raj Prabhakar, M.A. (Eng.), B.T., Principal, D.A.V. Higher Secondary School Patti (Amritsar),

- Shri Har Nand Rai, M.A., B.T., Principal, Vaish Higher Secondary School, Rohtak.

It was decided that the letters of withdrawal by Shri Ram Parkash Sharma, Shri Des Raj Prabhakar and Shri M. L. Jaitly he placed on record,

IV. Items Nos. 4 to 6 on the agenda were read out, and noted, ie.—

- 4. Changes in syllabus and courses of readings, Statement A (Appendix I).
- 5 Lists of paper-setters and examiners, Statement B (Appendix II).
- 6 Grant of leave and officiating arrangements, Statement C (Appendix III).
- V. Item No. 7 on the agenda was read out, viz.-
 - 'Gunt of extension of affiliation to certain Colleges Statement D (Appendix IV)."

Prof. Teja Singh, drawing attention to the extension of provisional affiliation recommended for Arya College, Panipat, said that the college was not complying with the rules and regulations of the University and so no further affiliation should be granted. He also said that he had already written about this to the University.

The Vice-Chancellor replied that the report sent by Prof. Teja Singh will be duly looked into.

RESOLVED: That the recommendations of Syndicate regarding grant of extension of affiliation to certain Colleges, Statement D (Appendix IV), he approved.

VI. Considered minutes of Board of Finance dated March 3, 1968, recommending, among other things, budget estimates for the year 1968-69, as also recommendations of the Syndicate thereon contained in paragraph 12 of its minutes dated March 18, 1968.

The Vice-Chancellor, introducing the budget for 1968-69, said that he wished to make some observations for consideration of the Senate, some of which were already contained in the minutes of the Board of Finance and the Syndicate. The members must have already gone through those minutes and found that, on the whole, the budget for the current year had worked satisfactorily. While the original estimates showed a deficit of about Rs. 16 lakhs, the actual working had reduced it to nearly Rs. 5 lakhs after taking into account the "on account" grants of Rs. 40 lakhs sanctioned by Government for the year 1967-68. It was possible that the deficit might be altogether wiped out by the end of the year. The estimates for 1968-69 contained a deficit of Rs. 68 lakhs

This was so because until the Syndicate meeting was held on March 18, 1968, no intimation had been received from the Government regarding the grants which the Unive sity was going to receive from them. In March 1967, the Ministry of Education had intimated to the Governments of Panjab, Haryana, Himachel Pradesh and Union Territory of Chandigarh, that they should provide on pro-rata basis, in their budgets for 1967-68 a sum of Rs. 40 lakhs on "on account" grants. Subsequently, the Ministry of Education had worked out, with the help of the University Grants Commission, the quantum of grants to be given by the States to the Panjab University. The U.G.C. appointed a sub-committee for the purpose and obtained from the Panjab University all relevant data. The U.G.C. Committee took a few months on this task and after consideration of the report, the Ministry of Education issued necessary directions to the State Governments on March 22, 1968, intimating the amount of grants (Rs. 47 lakhs) that they had sanctioned and apportioning the share to be paid by each Government. It was now for the State Governments to make payment of the grants according to the directions of the Ministry of Education. In this matter, the position of the Panjab University was rather queer. Under the Panjab Re-organisation Act of 1966, this University was attached to the Centre but was not a Central Uni-On the other hand, the grants are to be paid by the States at the direction of the Central Government. The position appeared to be that while the Central Government looked upon us as a State University, which we are, the States served by us looked upon us as a Central University, which we are not. The Central Government had issued directions to the State Governments on March 22, 1968, asking them to make payment of maintenance grants to the Panjab University aggregating Rs. 44.43 lakhs. In addition, some other grants had also been sanctioned by the Central Government for the Evening colleges and towards revised pay scales of teachers, Taking into consideration the grants sanctioned by the Government of India, the deficit estimated for the next year would be reduced considerably—about the same figure originally estimated for the current year. The additional demands received from the departments of the University were to the tune of about Rupees one crore but these had to be drastically reduced, in view of the financial position of the University. The recommendations of the Board of Finance included additional demands amounting to about Rs. 43 lakhs as against about Rs. 40 lakhs for the current year. Explaining the rise in expenditure, the Vice-Chancellor said that the University had laid stress during the last two years more on the welfare of the functionaries of the University than on the expansion of various departments and large building programmes. During the year 1966-67, these measures cost the University about Rs. 8 lakhs. During the current year (1967-68) the additional cost on these measures was about Rs. 20 lakhs and these included grant of dearness allowance at Central Government rates which had been sanctioned by the Panjab Government and also the Haryana Government, and had been approved by the Government of India. The arrears of the dearness allowance at Central Government rates would, however, be paid on receipt of the grants from the Governments. Another item which University had approved for the welfare of the teachers was the revision of pay scales. This also meant additional expenditure, though 80 per cent of it would be borne by the Central Government. At the Syndicate meeting held on March 18, 1968, the recommendations of the Vice-Chancellor had been accepted, in principle that up to one-third of the posts of Professors be converted into the selection grade posts in the grade Rs. 1600-1800. The University of Delhi had already implemented the recommendations of the Kothari Education Commission on this point. But before it was implemented at the Panjab University, the Syndicate wanted to know the exact procedure followed by Delhi University and had also desired that the Vice-Chancellor should consult the Chairman of the University Grants

Commission. The honourable members would thus see that the next year's budget was largely a welfare budget for the benefit of the functionaries of the University, and did not envisage any large scale building and expansion programmes. With these remarks he requested the members to consider the proposals of the Board of Finance and the Syndicate and discuss such points as they desired

Ahuja (Education Secretary, Harvana Shu B, L Government) said that before November, 1966, i.e., before the erstwhile State of Panjab was reorganised, the position was different and so was the constitution of the Board of Finance of the University. Until then, the State Governments were not required to make any grants to the University under any statutory provision. now, under the Panjab Reorganisation Act of 1966, the States served by the University are required to grants according to their share determined by the Central Government. He, therefore, felt that the State Governments should be represented on the Board of Finance so that they knew every-thing about the budget of the University. Though the State Governments have no authority to over-rule the University, they should have the right to make appropriate suggestions in regard to the budget. Therefore, the constitution of Board of Finance should be amended, if necessary, to see that the State Governments were able to take part in framing the budget.

Continuing, Shri B. L. Ahuja said that the Government of India's letter containing directions for payment of grants, as stated by the Vice-Chancellor, had not yet been received by the Haryana Government. In regard to the payment of dearness allowance at Central Government rates, Shri Ahuja remarked that the University had allowed dearness allowance on the new scales of pay but the Haryana Government had asked the Kurukshetra University to make payment at Central Government rates minus the dearness allowance already merged in the previous pay scales.

The Vice-Chaucellor, in reply, said that the Panjab Reorganisation Act, 1966, laid down in precise language that the grants would be payable to the University by the States at the direction of the Centre and the grants will also be determined by the Centre. This provision in the Panjab Reorganisation Act was not sought for by the Panjab University but was a decision of Parliament in pursuance of that provision. The Panjab University is now connected with the Ministry of Education to whom all the relevant data was supplied. They considered this matter for nearly 6 months and for this purpose obtained budgets from us for the last 5 years. The Chief Accounts Officer of the University had to go to Delhi a few times for clarifying points raised by the University Grants Commission and Ministry of Education. At the last meeting of the U.G.C. Committee, the Vice-Chancellor was also invited. The University wanted no misunderstandings with either the Panjab Government or the Harvana Government and had no objection to the Central Government consulting them. The Government of India had taken decision on the basis of the recommendations made by the U.G.C. Committee, The procedure for determining the grants of the Paniah University was laid down by the Government of India itself and if the Panjab Government or the Harvana Government had any objection to this procedure, they might take up the matter with the Central Government. All that the Panjab University wanted was the grants payable in accordance with the provisions of the Act

If this year's procedure followed by the Central Government for determination of grants could be improve to upon, the University would be happy. The Vice-Chancellor read out relevant extract from the Government of India's letter dated March 23, 1967, in which State Governments had been requested to make appropriate provisions in 1967-68 budget for grants totalling

Rs. 40 lakhs "on account" basis. As regards the constitution of the Board of Finance, it is partially elected by the Senate and partially by the Syndicate. The Vicc-Chancellor is authorised to nominate one expert. previous practice was that either the Education Secretary or the Finance Secretary of the Panjab Government was appointed by the Vice-Chancellor. All through the years, one of these officers had been associated with the Board of Finance. After the re-organisation of the Panjab State, the Vice-Chancellor nominated the Finance Secretary of the Union Territory of Chandigarh Adminis-The Vice-Chancellor said that he had no objection to the suggestion of Shri B. L. Ahuja that representatives of Panjab, Haryana, Himachal Pradesh and the Union Territory of Chandigarh should be associated with the University Board of Finance. He wanted all of them to have a say in the budgets of the Panjab University. If necessary, he would move for an amendment of the constitution of the Board of Finance so as to have representatives of these States on it. Referring to the grant of dearness allowance at Central rates, the Vice-Chancellor remarked that Haryana Government might have thought of a different pattern but the Panjab University had always been following the Panjab Government in such matters. When the Panjab Government had revised rates of dearness allowance for its employees, the University referred this question to the Government of India and after receipt of their approval the University employees were given revised rates of dearness allowance and it was further decided that arrears shall be paid on receipt of grants.

Shri Chand Ram said that he had nothing to say about what was contained in the budget but he certainly wanted to say something about the persons running the University. During his membership of the Senate for the last 10 years, he had been raising the question on representation of Haryana in the University services. As far as he remembered, a special Committee was appointed but nothing came out of it. Stressing desirability of giving due representation to Harvana in various appointments made by the University, Shri Chand Ram said that in every Government department a definite number of posts was reserved for Harijans. As Minister in the Panjab Government, he had drawn attention of the University to this deficiency also. It was said that qualified persons were not available either amongst Harijans or amongst Harvanavis. If highly qualified people were not available amongst Harijans and Harvanavis for teaching posts, additional or at least due representation should be given to them in the appointment of clerks and class IV employees. Shel Chand Ram further said that if the recommendations of the Shah Commission had been accepted, the Panjab University, as a whole, would have vine to Haryana bui Haryana had not even 10 per cent share in running the administration of the University. There was not even a single member from Haryana on the Syndicate. On the Senate also there were very few Something could be done in this regard by members the Chancellor through nomination of more members from Harvana. The Government of India was thinking of giving larger representation to Hasyana on the new Senate, But as far as services were concerned, the matter rested with the Vice Chancellor and Syndicate. Shri Chand Ram appealed to the Vice-Chancellor, who had been happily given another term, to remove the stark iniustice to Harijans and Haryanavis. He did not suggest that teachers and other employees who were in service should be replaced but he did want to emphasize that in the new appointments to fill vacancies, atrangements should be made to give additional quota to Hariians and Harvanavis. Shri Chand Ram drew attention to another point, i.e., permission to Schedule Castes. Tribes to appear in the University examinations privotely, a proposal for which had been made by Shri Bhan The level of discussion of this proposal Singh Blaura indicated how the minds of even educated persons worked towards this section of the society which had been suppressed for centuries. The Constitution of India enjoined on the States that the weaker section of the community, particularly Schedule Castes, Tribes, should be given concessions. He appealed to the Senate to see that something is done to uplift the Schedule Castes. Tribes, so that these can do better in their social life.

Prof. Abdul Majid Khan wanted to know if other Universities in India had made separate reservations for Harijans, particularly in Southern India where the problem was more acute. But the question of reservation in the services was different. Here the anomaly of Government departments did not apply.

Dr. Sher Singh Giani, referring to Shei Bhan Singh Bhaura's proposal for allowing Schedule Castes Tribes to appear in the University examinations as private candidates, said that even before he had pointed out that the suggestion should apply to all those who were economically backward. There were other persons also in the villages who were poorer than even Haijans.

The Vice-Chancellor informed the House that the Senate had appointed a Committee which was already going into the matter. The Committee was collecting some information and their report would be placed before the House in due course.

Continuing, Dr. Sher Singh Giani said that conditions for colleges in the rural areas should not be the same as for colleges in the urban areas because it was easier for the latter to collect the required funds. He felt that the University should encourage colleges in the rural areas by giving some sort of subsidies. Moreover, the standards and norms for such colleges should also be different. In addition, the University should give scholarships to persons studying in the rural colleges.

Principal O. P. Dogra made some suggestions about the budget. He felt that the expenditure of the University could be reduced. The supplementary examinations should now finish in two days. By doing so, considerable expenditure on conduct of examination would be reduced and then the autumn recess could be cut down. Another suggestion he made was that the higher posts in the Construction Office should be reduced, now that most of the University works were complete. Another point on which he wanted to make a suggestion was the question of having separate centres for brilliant students competing for scholarships. This step would avoid use of unfair means by candidates. Principal O. P. Dogra thought that the Department of Youth Welfare should be expanded. This Department should be headed by a Professor or a Reader. In his opinion, the youth welfare activities at the University Campus needed to be enlarged. Principal O. P. Dogra also suggested that the University Professors should pay visits to the affiliated colleges and stay there for about a week. Such visits should include not only inspection of the colleges, but also delivering lectures to the college students. This, he said, would be very beneficial to the students. Another sugcestion, he made, was that like Principals' Conference, there should also be a teachers' conference every year. The University budget should provide some money for this also. The University Health Centre should provide for Avurvedic treatment also. Principal Dograhoped that his suggestions would receive due consideration,

Principal Gurbax Singh Shergill said that as a member of the Schate as also the Board of Finance for some time, he had noticed that there was a good deal of overenthusiasm for expansion of the Panjab University. There was nothing wrong with it, but it should be commensurate with other things and general economic conditions in the country. His feeling was that enthusiasm in expanding academic departments and giving better scales to the staff was understandable, but he was not in favour of expanding the subsidiary departments. Flucidating

his remarks, Principal Shergill said that certain departments had been opened which did not contribute to mass Cultural activities and drama were very desirable in a University, but they required money and the University should have resources for it. He thought that no efforts had been made to economise on expendi-The additional demands for 1967-68 amounted to Rs. 42 lakhs and for the next year they amounted to Rs. 40 lakhs. For the next year the budget showed a deficit of Rs. 67 lakbs. The Haryana Education Secretary had pointed out that the grants of Rs. 44 lakhs expected by the Vice-Chancellor may be difficult to obtain. The financial position of the University would be lurther affected when the Boards of Secondary Education are set up by the States served by the University. If the Matriculation and Higher Secondary examinations taken away during the next year, the deficit would be Rs. 107 lakhs. Principal Shergill remarked that the authorities had been building up the University at the cost of schools, though with a good intention. Some of the additional demands indicated earnestness towards efficiency and welfare of the University staff. He thought that things like Public Relations Department and provision of loud speakers, etc. etc. should be avoided as they were a sort of wastage of money. Stressing that there was need for economy, Principal Shergill suggested that the construction staff could now be reduced as soon as the campus was complete.

Prot. Teja Singh said that the next year's budget showed a deficit of Rs. 67 lakhs, which he felt, might increase further. He was happy that the prestige of the Panjab University amongst other Universities in the country was very high, but he wished that steps should be taken to effect economy in expenditure and reduce the deficit. Referring to the additional staff being provided for the Vice-Chancellor's office, Prof Teja Singh said that such superfluous posts should be avoided. Referring to the expenditure on conduct of examinations, be said that he was ashamed when he saw students appearing in the examinations taking pride in carrying into the examination halls books and other notes. Recently, he had inspected an examination centre where he found a lot of objectionable material which the candidates had carried into the examination hall. He had even brought all that material to show it to the members. Congratulating the Registrar and the Assistant Registrar (Conduct) who promptly reached centres from where they had received distress calls, Prof. Teja Singh suggested that every effort should be made to improve the conduct of examinations. Appropriate enquiries should be made about the students coming from rural areas. Persons of high calibre should be appointed Superintendents. Drawing attention to the expenditure on conduct of examinations, Prof. Singh said that only 50 per cent of the income on examination fees was spent on remuneration of examiners. Superintendents, etc. He suggested that the rate of re muneration for the supervisory staff should be suitably raised so as to have persons of proper status and calibre. He also suggested that the present ratio of 1; 40 between supervisors and candidates should be improved. The University could also mould public opinion by arranging Seminars through public men in various towns. Prof. Teia Singh drew attention to the resolution passed at the last Senate meeting in regard to raising the rate of remuneration of examiners, when the Vice-Chancellor had said that the University could not approve any increase in the examiner's remuneration because a good deal of its income shall be taken away by setting up Secondary Education Boards in the States served by the Panjab University. He did not think that the Departments of Youth Welfare and General Education were doing any useful work and if these Departments were abolished, the University could save Rs. 76,000 and Rs. 45,000 respectively. His feeling was that General Education had not been able to have its impact on the colleges. In view of the increase in the postal rates and other costs. the contingent allowance of a sub-examiner which was at present only Rs. 8 should be raised to Rs. 20 or at least Rs. 15. Another suggestion Prof. Teja Singh made was that as Haryana was going to make substantial contribution towards the finances of the University, they should get due representation on the various bodies of the University.

Prof. D. C. Sharma, congratulating the Vice-Chancellor on the extension of his term, which he richly deserved, said that the Panjab University was very unique in many ways and, therefore, its character must be maintained at all costs. He had visited many Universities in India and even in other parts of the world and so he could say with pride that the prestige of the Panjab University was very high. He felt that the budget of the Panjab University was a forward-looking budget and he wanted every University to have such a budget. Other members who began their speeches by suggesting economics ended by suggesting extra expenditure on certain items. He agreed that the Panjab, Haryana, Himachal Pradesh and the Union Territory of Chandigarh should have due representation on the various University bodies. The Vice-Chancellor had been trying to do the needful in that direction, but he pointed out that the person next to the Vice-Chancellor in the Panjab University, namely the Dean of University Instruction, was from Haryana, The Panjab University, Prof. Sharma said, was proceeding along right lines, but he wanted it to be like Oxford, Cambridge, London and other Universities in the West where they spend a good deal of money on scholarships and where 80 per cent of the students were given scholarships. Prof. Sharma was of the opinion that students with merit, who could not pursue their studies on account of poverty, should be encouraged by grant of scholarships. He also suggested that every town with a college should have a Community Centre, which should bring the University in touch with the people and where members of the University Senate. Syndicate and Professors, etc., should go and contact the people. Prof. Sharma wanted that the committee appointed to consider Shri Bhan Bhaura's resolution should submit its report as soon as possible. In conclusion, he congratulated the Vice-Chancellor and other administrative staff who kept the University in good shape. He particularly congratulated the Chief Accounts Officer, who was responsible for keeping the University finances in good health.

Principal Jagit Singh referred to the remarks regarding conduct of examinations and said that while he agreed that there was much to be desired for improving this wing of the University, there was also the need that the members should keep in mind that the Senate was the supreme authority of the University and, therefore, responsibility for everything rested with it. The use of unfair means at examinations reflected the general character of the community at large, particularly the politicians, who at the present time dominated the country. Something, he said, should be done to improve the conduct of examinations by enlarging personality patterns. While pay-scales had been revised, the personality patterns had not. He was aware that quite a number of persons moved around the examination centres in order to help the candidates. One of the needs was a large number of good people to work as Superintendents. He suggested that every Inspector of examination centre should be allowed three inspection dates instead of two as at present, and on two of these he should visit on the dates of both papers in either English or Mathematics He made this suggestion, as he felt that if an Inspector vivited a centre on the date of examination in one paper in these compulsory subjects, the candidates were tempted to employ unfair means in the other paper thus hoping to score pass marks. If necessary the rate of allowance for an Inspector could be reduced.

Principal S. D. Vachist was happy that the Vice-Chancellor had presented a very good budget. He com-

plemented the Chief Accounts Officer and hoped that the Senate would have no objection to approve it. Refering to the remarks of certain members regarding use of uncair means at examinations, Principal Vashist said that it was not due to any faulty arrangements of the University, but it was a question of character of students and teachers. As an Inspector of University Examina-tion Centres, he could say with authority that the Uni-versity took all precautions. His feeling was that the Heads of institutions and other people in the town were responsible for allowing the candidates to employ unfair means. Other States also suffered from the same disease, perhaps in a larger measure.

Ch. Surai Mal said that the people of Haryana wished to see the Panjab University grow and develop. He wanted to make it like the Oxford and Cambridge Universities. He, however, was pained to see during the last three or four years that greatest interest was taken only in elections to the various University bodies and little attention was paid to other important matters. He suggested that the members should not attach much importance to elections. He agreed with the Education Secretary of Haryana that the Government of Haryana, which was expected to contribute to the University funds, should have a right to take part in the framing of the budget. Although the areas served by the Panjab University were known as Panjab, Haryana, Himachal Pradesh and the Union Territory of Chandigath, all the people living in these areas should be considered as belonging to one place. He thought that only interested persons had divided the erstwhile Panjab State for their own purposes. Now when these States had to contribute to the University funds, they should also be given representation on the University bodies in the same propor-

Shri Gurdial Singh Dhillon, referring to the remarks of certain members relating to use of unfair means at the University examinations, said that it was a matter of serious concern and urgency. He suggested that a committee be appointed to go into the details to avoid any damage being done to the reputation of the University. He further said that the question of giving separate representation to the different States on the various University bodies was linked with the future of the University. He did not know how long the present position in regard to Chandigarh would continue. Therefore, the matter should be left to the higher authorities. He mentioned that some people had started raising questions in the Parliament and he was sure that some people from the University were at the back of it. This, he said, was very bad. Referring to one such question regarding conferment of an Honorary Degree on the Education Secretary, Shri Gurdial Singh Dhillon remarked that his was done not by the Vice-Chancellor alone but by a unanimous decision of all members of the Syndicate. He was pained at such questions being asked in the Parliament. Such irresponsible questions even found a place in the press. He was strongly of the opinion that all matters relating to the University should be kept within the four walls of this house. All the members of the Senate had every respect for the Vice-Chancellor and his integrity.

The Vice-Chancellor, replying to the important points raised by the members in the general discussion of the budget, observed as follows:

In regard to the question of separate representation to Harvana on the University bodies raised by Shri Chand Ram, the Vice-Chancellor said that the Syndicate had already taken a decision. The Syndicate asked the Vice-Chancellor to seek the concurrence of the Chancellor that since Haryana was a separate State and would have to pay grants to the Panjab University like the Panjab State, under the Reorganisation Act, some seats should he reserved and separate representation should be given

to Panjab, Haryana, Himachal Pradesh and the Union Territory of Chandigarh in accordance with the existing strength of each State on the different electoral colleges, and after the Chancellor had given his concurrence the views of the University should be communicated to the Central Government. This was done some time ago. The Vice-Chancellor said that the supreme authority of the University vested in the Senate and if all the States are properly represented on this body, it was bound to be reflected on other bodies also. No communication had, however, been received from the Central Government, indicating whether they would take steps to amend the Panjab University Act or issue appropriate directions. The committee which originally considered this question had adequate representatives from the Haryana State. When directions are received from the Central Government, they would be implemented.

> In regard to the setting up of Secondary Education Boards, the Vice-Chancellor said that it was decided at a meeting convened by the Home Ministry that such Boards be set up in all the States at the same time. This meeting was attended by representatives from all the States including Haryana. As soon as the legislatures of these States decided to set up these Boards, the Panjab University would be relieved of this appendage. matter was, however, linked with the economy of the University which has been savings some money from the fees of the Matriculation and Higher Secondary examina-The Vice-Chancellor said that previously the Panjab Government gave a very paltry grant of Rs. 4 lakhs to the Panjab University. This amount was very meagre for a big University like outs. The Panjab State Gov-ernment, however, did not increase its grant because they knew that the Panjab University was saving some money from the Matriculation and Higher Secondary examinations. The meeting convened by the Home Ministry which was attended by representatives from the different States decided that the loss which the University would suffer on account of the taking away of the Matriculation and Higher Secondary examinations would be made up pro-rata by the Panjab, Haryana, Himachal Pradesh and the Umon Territory of Chandigarh. Though some of the States wanted to set up Boards so as to conduct examinations from 1969, the Vice-Chancellor thought that very likely the Boards may start functioning from the examinations to be held in 1970. The Boards, when set up, will also absorb the surplus staff of the University. Another decision taken at the meeting convened by the Home Ministry was that all the States shall set up the Boards at the same time, as it would not be possible for the University to give up this responsibility piecemeal. The Vice-Chancellor assured the Senate that if the Panjab University suffered any loss on account of the setting up of Secondary Education Boards, higher grants would be given by the governments to compensate the University.

> The Vice-Chancellor then referred to the remarks of a certain member regarding the additional staff for Vice-Chancellor's office and also the Public Relations Department. He said that even much smaller institutions had a public relations office. This duty, he said, was given last year to the Editor of the University News, but it was felt that it was too much for one person. The University received a large number of visitors not only from India, but also from abroad. So far, different Officers, sometimes the Executive Engineer, sometimes the Senior Architect and even others, were deputed to attend to them, but this position could not continue any longer. In the interest of higher efficiency, therefore, it had been recommended that the Vice-Chancellor's office should have a receptionist, so that all persons coming to see the Vice-Chancellor could be properly attended to and screened. The load of work with the Vice-Chancellor was very heavy and to cope with all that he needed adequate staff. A small University like Delhi had a Pro-Vice-Chancellor and the supporting staff. At

معتقد من المناب المن المن المن المنافق المنافق

present, the Vice-Chancellor's Personal Assistants attended to all the visitors, but this kept him from the normal work. The number of visitors was growing and the number of students and the colleges affiliated to the Panjab University had increased considerably. Only the minimum staff had been asked for. The Vice-Chancellor assured Shri Chand Ram and Ch. Suraj Mal that he would look up previous decisions in regard to the suggestion for adequate quota to Harijans and Haryanavis in the matter of employment, in order to see it something more can be done. After this, the Vice-Chancellor requested the house to take up consideration of the budget page by page

Prof. R. R. Sethi suggested that some provision should be made in the budget for the quincentenary celebrations of Guru Nanak Dev and Centenary celebrations of Mahatma Gandhi.

The Vice-Chancellor said that the Syndicate had already decided in principle to set up a Guru Nanak Chair and the Panjab Government had been approached tor necessary tunds in order to create an endowment to run the Chair. The Panjab Government had already approved the proposal, but had asked the University to obtain help from the University Grants Commission also. Likewise programmes for Gandhi Centenary Celebrations were being framed. As soon as these matters are finalised and programmes have been drawn up, he would ask for a supplementary grant required for the DUEDOSC

Vice-Chancellor said that originally a sum of The Rs. 37 lakhs was provided for conduct of examinations, but due to increase in the number of candidates, the examination centres and the supervisory staff as also use in the cost of postal rates and other charges, the expenditure under this item had considerably increased. The provision, therefore, was raised to Rs. 43 lakhs, but this, too, was proving insufficient. A further sum of Rs. 2 lakhs was required for payment of the pending bills. This was approved.

Prof. M. L. Anand proposed that the rates of remuneration for supervisory staff should be suitably increased and the budgetary provision therefor should be appropriately raised.

Principal O. P. Mohan remarked that, as far as he could remember, a committee was appointed to go into the question of raising the remuneration of supervisory staff, but he did not know what came out of it.

The Vice-Chancellor stated that the suggestion for raising the remuneration of supervisory staff would be taken up when a clearer picture of the finances of the University emerged. The quantum of grants to be given to the Panjab University by the different States had been recently determined by the Central Government and actual payment was still awaited. The Senate had already accepted his suggestion that the question of increase in the examiners' remuneration as also of the supervisory staff would be taken up when the financial picture of the University became clearer.

RESOLVED: That the following recommendations of the Syndicate and the Board of Finance be approved, with the addition that a further sum of Rs. 2 lakhs be sanctioned as supplementary grant for the current year for conduct of examinations and the provision for the next year be increased correspondingly :-

Para I: (1) That University Grants Commission be approached not to apply any cut to the grants sanctioned in lieu of the expenditure incurred by the 31st March, 1966, against Third Plan sanctions reimbursed during Fourth Plan

(Para 16, 28-1-1968).

Prof. Teja Singh drew attention to the recommendation for appointment of Shri D. P. Verma and Shri K. R. Sachdeva as Deputy Registrars, and said that some irregularities on the part of certain University officers had been reported in the weekly publication called Chandigath Diary. He wanted that necessary action should be taken if the allegations were found correct but in case they were found false the editor and publisher of the weekly should be proceeded against for defamation.

The Vice-Chancellor replied that his attention had been drawn to certain matters published in the column "Gossip". This house could not take cognizance of such gossip, but if any member considered any of the alleged complaints against officers valid, he could take these up with him. This was agreed to.

RESOLVED: That the recommendations of the Syndicate be approved.

- XI. Items Nos. 15 to 18 on the agenda were read out, and unanimously approved, i.e., -

XIX Item No. 52 on the agenda was read out viz.--

- "(1) That as recommended in the report of enquiry held by Shri G. L. Chopra on the conduct of Shri M. M. Sharma (under suspension) a Pandit in the Sanskrit Department—
 - (a) the next increment of Shii M. M. Shaima falling due on April 4 1967, be withheld with permanent effect, and
 - (b) the balance of pay, after adjusting the subsistence allowance, that becomes due to him on re-instalement, be deducted.
- (ii) That Shri M. M. Sharma be administered a severe warning that in case he repeats his acts of insubordination or persists in indiscipline, stricter action would be taken."

(Para 3, 27-2-1968)

Prof. Teja Singh congratulating Shri G, L. Chopra on the recommendations contained in the report, remarked that there was a great deal of difference between the report of the previous Committee and the one given by Shii G, L. Chopra. He drew attention to certain remarks contained in Shii G, L. Chopra's report against the Head of the Sanskiit Department. Prof. Teja Singh proposed that the next increment of Shri M. M. Sharma be stopped as recommended by Shri G, L. Chopra and the whole of balance of pay may be paid and that necessary action may also be taken against the Head of the Sanskiit Department. Further, Shri M, M, Sharma be re-instated immediately and he be given teaching work so that he applies his mind to the real work rather than other things mentioned in the report.

The Vice-Chancellor said that there was a strange contradiction in Prof. Teja Singh's appreciation of Shri G. L. Chopra's report and his (Shri Teja Singh) suggestion for payment of full salary. The Vice-Chancellor diew atten-

tion to the minutes of the Syndicate dated 27-2-1968, in which it was recorded that most of the members felt that the punishment suggested was too light and his own remarks that since Shri M. M. Sharma had served the University for a number of years he should be given a chance to improve himself.

RESOLVED: That the recommendations of the Syndicate be approved.

 - (ii) sanctioned gratuity as due to him under Regulation 54 at page 99 of the Calendar, Volume I. for efficient and taithful service rendered by him; and
 - (iii) allowed to serve elsewhere or to do business during the period of privilege leave and furlough.

(Para 98, 27-2-1968)

- 73. That Shri Wadhawa Mal, Office Superintendent, who is due to retire on 3-4-1968 (A N.), be
 - granted six months' furlough under Regulation 18(e) at pages 89-90 on the Calendar, Volume 1, in continuation of 4 months' privilege leave already granted;
 - (ii) sanctioned gratuity as due to him under Regulation 54 at page 99 of the Calendar, Volume I, for efficient and faithful service rendered by him; and
 - (iii) allowed to serve elsewhere or to do business during the period of privilege leave and furlough.

(Para 99, 27-2-1968)

74. That Shri P. K. B. Menon, Curator, Zoology Department, be granted two special increments for having obtained Ph.D. degree in Zoology from the Institute of Technology and Science, Pilani.

(Para 100, 27-2-1968)

75. That the dearness pay drawn by the staff of the Architectural Unit paid from the work-charged establishment, be merged with their pay as had been done in the case of the University employees, and the Dearness Allowance at the Central Government rates, worked out on the basis of this consolidated pay, be paid to them with effect from May 1, 1967.

(Para 101, 27-2-1968)

76. That the proposed Mata Ganga Girls' College, Tarn Taran, be granted affiliation for the Pre-University and B.A. Courses in the subjects of English, Civics, Political Science, Economics, Punjabi, History and Music, with effect from the admissions of 1968, on the conditions laid down.

(Para 108, 27-2-1968)

XXI. Item No. 68 on the agenda (reproduced below) was dropped as Shri N. K. Aggarwala had already been retired from the office of D.P.I., Haryana, i.e.,—

"That Shri N. K. Aggarwala, D.P.I., Haryana, be assigned to the Faculties of Languages, Science & Mathematics, and Education."

(Para 76, 27-2-1968)

XXII. Itcm No. 77 on the agenda was read out, viz.—

"That S. B. Narinder Singh (Chairman, Punjab Public Service Commission, Retired), be appointed to enquire into the conduct of Shri Shashi Dhar Sharma, Pandit, V.I.S. & I.S., Hoshiarpur, and report to Syndicate."

(Para 81, 28-10-1967)

Shri Bhan Singh Bhaura, pointing out that this case was also from the Sanskrit Department, asked whether any enquiry had been held before and whether Shri Shashi Dhar Sharma had been consulted about the appointment of S. B. Narinder Singh as the enquiry officer. He asked this because another Pandit in the Sansktit Department against whom an enquiry was held, vlz., Shii M. M. Sharma, had objected to the membership of the enquiry committee originally appointed for his case.

The Vice-Chancellor replied that Shri M. M. Sharma had objected to the original enquiry committee on the ground that one of the members of the committee was an officer who was a party, *l.e.*, whom he had been alleged to have abused. It was for this reason that another enquiry commission was appointed in the case of Shri M. M. Sharma.

Shri G. L. Chopra pointed out that S. B. Narinder Singh was not being appointed to enquire into the general conduct of Shri Shashi Dhar Sharma. From the minutes of the Syndicate and the appendix attached thereto he had come to know that the conduct of Shri Shashi Dhar Sharma which had to be enquired into was in respect of a letter written by him. He wanted to know whether he had understood the nature of the enquiry correctly, and if so, the fact should be recorded in the Senate minutes.

The Vice-Chancellor replied that what Shri G. L. Chopra had understood was quite correct.

The Senate noted that the enquiry against Shri Shashi Dhar Sharma related to the specific case as reported in Appendix XXIX of Syndicate minutes dated 28-10-1967 (Para 81).

Shri G. L. Chopra further said that in the office note attached as an appendix to the Syndicate minutes dated 28-10-1967 it had been stated that Shri Shashi Dhar Sharma had written a letter to Shrl Shankaracharya Ji requesting him to sign the draft letter prepared by him, which contained malicious, ill-founded and wild charges against the Vice-Chancellor of the University, the Director of the V.I.S. & I.S., Hoshiarpur, and members of Syndicate and Senate. In the draft letter, deliberate attempt had been made to scandalise the University and to defame the authorities of the University and his immediate officer, i.e., the Director, V.I.S. & I.S., Hoshiarpur. He fully agreed with the observations contained in the office note. On being asked, Shri Shashi Dhar Sharma

took a long time to give his explanation, but at last admitted that the letter in question was in his own handwriting and had been written by him, though, he claimed, that there was nothing objectionable in it. This, Shri Chopra said, was still worse. He, therefore, suggested that, as in the case of Shri M. M. Sharma, Shri Shashi Dhar Sharma be suspended until the proposed enquiry had been completed and decision on that taken by the Senate.

Prof. M. L. Anand asked whether Shri Shashi Dhar Sharma had been charge-sheeted.

The Registrar replied that the charge-sheet would be given to Shri Shashi Dhar Sharma after the Senate had approved the recommendation of the Syndicate.

The Vice-Chancellor stated that the Syndicate was satisfied that there was a prima facie case against Shri Shashi Dhar Sharma. In the interest of proper enquiry, therefore, Shri Shashi Dhar Sharma be suspended as suggested by Shri G. L. Chopra.

RESOLVED: (i) That, as recommended by the Syndicate, S. B. Narinder Singh be appointed to enquire into the conduct of Shri Sashi Dhar Sharma, as stated in the office note appended to the Syndicate minutes dated 28-10-1967.

- (ii) That Shri Shashi Dhar Sharma be suspended with immediate effect, and he be paid subsistence allowance according to the rules; three members were not in favour of this decision; and
- (iii) That the Vice-Chancellor be authorised to appoint an Officer to represent the University, in this case

XXIII. Item No. 78 on the agenda was read out, viz.--

- "(i) That the following measures be approved:
 - A person shall not be eligible to seek election to the Senate, Syndicate, a Faculty or a Board of Studies, and if he is already a member of any of these bodies he shall cease to hold his respective office—
 - (a) if he is shown as author, or collaborator of a book prescribed for a University examination, whether or not he has in fact contributed to the writing of the book; or
 - (b) if he is found, after a proper enquiry, to be the writer of such book, though his name does not appear as an author, co-author or collaborator.

Provided that this shall not apply to a person who wrote a book at the instance of the University and did not receive any royalty for the same.

- (ii) That, in future, the University should prescribe books for languages and for other subjects only the syllabi be laid down and no books be recommended, and it should be left to the choice of the teacher to have such books as they considered suitable for the syllabus laid down by the University.
- Note:—The Senate on 10-12-1967 referred back earlier recommendations on the above subject. The Syndicate after reconsideration has recommended as above."

(Para 3, 18-3-1968)

Principal Bishan Singh pointed out that the Syndicate had decided that clause (a) should apply to books up to first degree level.

The Vice-Chancellor replied that what Principal Bishan Singh had pointed out was implied in clause (a) from which the recommended books had been excluded. He said that, beyond the first degree level, books were not prescribed,

- Dr. B. R. Chauhan made the following suggestions:-
 - (i) That the first sentence should read "A person shall not be eligible to seek election or be nominated to the Senate....."
 - (ii) That clause (a) should read "If he is shown as author, or collaborator of a book, prescribed up to first degree level of the Panjab University, whether or not he has in fact contributed to the writing of the book".

The Vice-Chancellor felt that the recommendation of the Syndicate in (ii) should be routed through the Academic Council.

Shri Ram Chandra said that the words "or recommended" should be added in clause (a) of (i) after the word "prescribed". His reason for this was that (i) shall become a regulation and it was possible that the decision in (ii) might be changed at a later stage and the University might again start recommending books.

Some members felt that as far as nomination of the Fellows by the Chancellor was concerned, it would not be desirable to lay down any restriction, but the suggestion made by a member in this regard be brought to the notice of the Chancellor.

The Vice-Chancellor said that there was a good deal of discussion at the Syndicate meeting in regard to the recommended books. The resolution before the Senate was the consensus which the Syndicate was able to reach. His feeling was that if the words "or recommended" are added as suggested by Shri Ram Chandra, fresh discussion was likely to ensue.

Principal O. P. Mohan was of the opinion that Shri Ram Chandra had made a concrete suggestion, which should be accepted.

Dr, Sansar Chandra felt that the wording of the resolution was defective. About 30 members were nominated by the Chancellor and about 12 were ex-officio members. He thought that with the approval of the proposal made by the Syndicate some complications are bound to arise in regard to nominated and ex-officio members.

Dr. G. L. Bakhshi was of the opinion that the proposals made by the Syndicate were quite unnecessary. He did not see why a need for this measure had arisen.

RESOLVED: That the recommendations of the Syndicate be referred back to it for reconsideration in the light of the new points raised at the Senate meeting.

XXIV. Items Nos. 79 to 81 on the agenda were read out and unanimously approved, viz:—

79. That Dr. D. P. Dubey, M.Sc. I Division, Ph.D. (B.H.U.), be appointed as Reader in Bio-Physics on the starting salary of the grade (Rs. 700-50-1250), and in case he was unable to join, the post be offered to Dr. Kuldip C. Kanwar, M.Sc. I Division, Ph.D.

(Para 10, 18-3-1968)

80. That as recommended by the Academic Council on 11-12-1967, one post of Professor at the V.I.S. & I.S.. Hoshiarpur, sanctioned by the University Grants Commission for the Fourth Five-Year Plan, be created.

(Para 11, 18-3-1968)

81. That Dr. M. N. Saxena, Reader, Centre of Advanced Study in Geology, be confirmed in his post, with effect from 19-3-68,

(Para 14, 18-3-1968)

XXV. Item No 82 on the agenda was read out,

_= =

"To consider the following resolutions of Shri S. L. Dhall, a Fellow:

___ =

 Amendment regarding superannuated Lecturers in Colleges.

Now that some amendments in college service rules are under consideration, I suggest that retirement age in Non-Government colleges be raised to 62 for all teachers. The policy of pick and choose should be discarded. And if a Lecturer is engaged after attaining the age of 62, he should be re-appointed and not extended as is done now.

It is painful to say that in some colleges superannuated persons have been given the senior grades and have thus usurped the legitimate rights of the youngsters. It has caused deep heart-burning and is thus detrimental to the smooth functioning of the colleges.

2. Amendment regarding condoning of shortage of Lectures in Colleges.

At present the rules allow the Principal of a college to condone the shortage of 15 lectures to a student in each subject. The position is anamalous in the sense that in subjects like History, Economics, Politics and others only 6 lectures per week are delivered to a student, while in English 8 lectures a week are delivered. In Prelangineering Classes, 10 lectures per week in Mathematicare delivered. Therefore, it is suggested that to meet the ends of justice the lectures be condoned proportionately, te, 15 for 6 periods a week and 25 for 10 periods a week and 20 for 8 periods a week and so on.

3. Amendment regarding compulsory N.C.C. Training in Colleges.

In view of the fact that Emergency has been lifted in the country, it is suggested that compulsory N.C.C. Training in colleges be abolished from July, 1968. Howe er only selective N.C.C Training be re-introduced

4. Award of grace marks for M.A. (Improvement of class).

It is suggested that Rule No. 6(c) at page 142, of Panjab University Calendar, Volume III, 1966, be so amended that candidates, who try to improve their M.A. Result under this Regulation, be entitled to 4 Grace Marks to meet the ends of justice and equity. This amendment will eliminate hardships to students getting 396 to 399 marks, thus enable them to get a second class in their final degree, i.e. M.A.

It is requested that this amendment if carried be enforced with retrospective effect, i.e. 1965."

The Registral stated that the Syndicate considered the above proposals on 18-3-1968 (Para 22) and decided to forward them to the Senate with the following remarks:—

 Amendment regarding superannuated lecturers in colleges.

It be referred to the committee already appointed to consider amendments proposed by Prof. M. L. Anand and Prof. Teja Singh.

(ii) Amendment regarding condoning of shortage of Lectures in colleges.

It be referred to the Academic Council for their opinion.

(iii) Amendment regarding compulsory N.C.C. Training in Colleges.

In view of the fact that the proposal is already under consideration of the Government, no action appears to be necessary.

(iv) Award of grace marks for M.A. (Improvement of class)

This be reterred to the Academic Council but there is no question of grace marks being given with retrospective effect.

RESOLVED: That the recommendations of the Syndicate be approved.

XXVI. Items No. 83 to 86 on the agenda were read out and unanimously approved, viz.—

83. That affiliation already granted to Lajpat Rai Centenary College, Dhudike, for Pre-University (Humanuties and Science Groups) B.A./B.Sc. Part I and Pre-Engineering, be confirmed.

(Para 26, 18-3-1968)

84. That the Diploma Course in Library Science be converted into degree course to be called "Bachelor of Library Science" and that the year from which the change is to be introduced may be decided by the Vice-Chancellor when the regulations have been finally amended.

(Para 27, 18-3-1968)

85. That with effect from the session of July, 1968, name of the 'Department of Ancient Indian History & Culture' be changed to 'Department of Ancient Indian History and Archaeology'.

(Para 27, 18-3-1968)

86. (i) That (Mrs. Asha Varma, M.A. (Philosophy, Allahabad, and Chinese Studies, Columbia), be appointed fecturer in Chinese.

(ii) That the Vice-Chancellor be authorised to negotiate terms on which Mrs. Asha Varma is appointed Lecturer in Chinese.

(Para 29, 18-3-1968)

XXVII. Item No 87 on the agenda was read out,

"To consider the following resolution of Shri Tek chand Sharma, a Fellow:—

"That the next elections to the Senate of the Panjab University may be postponed, and the term of the present Senate extended, till such time as the uncertainty that prevails, with regard to the future set up of the Panjab University is finally settled".

Note:—The Syndicate on 18-3-1968 (Para 32) considered the above proposal and decided to forward it to the Senate for consideration with the remarks that it was contrary to the following provision in the Panjab University Act:—

"The Ordinary Fellows shall, save as hereinafter provided, hold office for tour years".

Shri Tek chand Shaima said that when he sent the proposal, he was aware of the provision in the Act which had been pointed out by the Syndicate. His intention was that the Act should be changed in order to implement his proposal. The main reason for the proposal made by him was that the question of setting up Secondary Education Boards in the Panjab, Haryana. Himachal Pradesh and the Union Territory of Chandigarh, were under the active consideration of the government and as soon as the Boards are set up, the Constitution of the University Senute would be affected.

Principal O. P. Moban, supporting the proposal of Shri Tek Chand Sharma, said that in addition to the reason given by Shri Tek Chand Sharma, there was also another reason, i.e., certain important amendments in regard to giving separate representation to the Pari h Hatyana, Himachal Pradesh and Union Territory of Chandigarh, on the Senate of the Panjab University were under way. If elections are held before these amendments are made, the effect will be for a period of four years. It was, therefore, necessary that the elections should be postponed so that a final decision in regard to separate representation of these States is taken and 13 possible to be implemented before the elections are held.

Prof. M. L. Anand said that it was undignified on the part of the members of the Senate to ask for extension of their own term.

Prof. D. C. Sharma said that it was neither proper nor academic nor constitutional for the Senate itself to suggest that its life should be extended. He also said that it would not be possible to amend the Act before the term of the present Senate ended. The proposal could only go through if an Ordinance was issued. He was opposed to any hopes being raised in the minds of the people, which, according to him, were not going or be fulfilled.

Shii Gurbal Singh D'n? in thought that a number of problems were at present facing the University, such as uncertainty of the future of the University, separate representation of Haryana and other States on the Senate. etc. He was of the opinion that for these reasons the life of the present Senate should be extended.

Shri G. L. Chopia said that it will not be possible to get the Panjab University Act amended in time. He thought that the possibility of an Ordinance was also very remote. In his opinion, a suggestion like this which was impracticable should not be made. He agreed with Prof. M. L. Anand that it was not for the Senate itself to ask for extension.

Principal B. L. Kapur said that there was no harm in asking for extension, because membership of the Senate was not an office of profit and the members took part in the University work in a spirit of service to the cause of education.

Majority of the members were in favour of the proposal of Shri Tek Chand Sharma, but they were opposed to the suspension of the process of elections being held as at present scheduled.

The Vice-Chancellor was requested to bring to the notice of the Central Government and the Chancellor the views of the members of the Senate as also the opinion of majority of Fellows who were in tayour of the life of the Senate being extended by at least one year.

XXVIII. Item No. 88 on the agenda was read out and unanimously approved, viz. -

"That appointment, on deputation of Shri B P. Mathur, Senior Architect, be extended for one year more, i.e., upto 28-2-1969, on the terms and conditions already approved."

(Para 37, 18-3-1968).
